

Town Flag Competition

Additional Information regarding designs (provided by the entrant)

Design Number	Additional Information
1 & 2	The logo reversed out of dark blue represents the town of Thame with the green stripes the countryside. The mid blue stripe represents the river Thame.
20	The photo is not great - the cream area should be white.
24	The colours chosen were as follows, the upper half of the flag is brand colour R: 57 and the lower part of the flag which appears to be white is R: 156.
27	James Turrell esq ish
33	Design rationale: Thame owes much to the cow, with much of its history tied up with that of the cattle market. My design references the markings on the much-loved Friesian cows spotted around Thame, whilst the shape in the middle is also the shape of the Parish of Thame boundary. I hope it captures a little history, geography and also the sense of fun that this town has at its heart.
